Alastair Bell, MD, MBA

President and CEO, Boston Medical Center Health System

Dr. Alastair Bell is president and CEO of BMC Health System. He oversees comprehensive system strategy and operations of its entities, including Boston Medical Center, Boston Accountable Care Organization, Clearway Health, and the WellSense Health Plan. Prior to joining BMC in 2012, Dr. Bell was a leader in the North American Payor and Provider Practice at McKinsey and Company, advising a range of national and international healthcare organizations and leading large scale transformation programs. Alastair received a Doctor of Medicine from the University of Oxford in England, a Master of Arts in physiology from the University of Cambridge in England, and a Master of Business Administration with distinction from Harvard Business School. He currently serves as the co-chair of the board for Boston Children's Chorus.
